SERVICE AREAS ESTABLISHED PURSUANT TO )  
IC 8-1-2.3-1, *ET SEQ.* AND THE COMMISSION'S )  
FEBRUARY 18, 1981 ORDER IN CAUSE NO. 36299 )

Representatives of the parties to this Cause and Commission staff have met on three occasions to discuss technical issues related to one of the major subjects of this proceeding: replacing Mylar maps with GIS. A fourth such meeting is scheduled for September 19, 2005. Given the cooperative nature of this proceeding, the Presiding Officers want to ensure that these technical conferences are resulting in the timely movement of issues toward resolution. To that end, the Presiding Officers find that it would be appropriate, at this time, to meet with the parties' attorneys to obtain feedback on the progress of this Cause toward the goal of replacing Mylar mapping with GIS mapping technology. This attorneys' conference is scheduled for September 12, 2005, at 1:00 p.m. EST, in Room E306 of the Indiana Government Center South, Indianapolis, Indiana.

**IT IS SO ORDERED.**
